OUR STORY

The Church Venue was formed from a simple idea: to bring people together for life's important moments.

Built in 1782, this Grade II listed church has been carefully restored to preserve its history while creating a welcoming, contemporary venue. Every wedding held here becomes part of the building's continuing story.

Throughout the year, The Church Venue hosts live music, theatre and cultural events. That life and energy give the venue an atmosphere that cannot be manufactured: soaring ceilings, original architecture, warm lighting and a sense of occasion from the moment guests arrive.

Behind the historic walls, a secluded private garden offers a relaxed, covered outdoor space for drinks, photographs and conversation.

Our role is to make your day feel effortless. We provide attentive service, carefully considered food and drink options, and practical support from the first viewing to the final dance.
